

# A WORLD LEADER IN AEROSPACE & DEFENSE

€15.3 bn

in revenues in 2021

No.3

aerospace company worldwide  
(excluding aircraft manufacturers)

5 core businesses:

aircraft  
propulsion

aircraft  
interiors

space

aircraft  
equipment

defense

No.1 worldwide  
in:

- . Narrowbody commercial jet engines  
(in partnership with GE)
- . Helicopter turbine engines
  - . Landing gear
- . Wheels and carbon brakes  
(mainline commercial jets with more than 100 seats)
- . Aircraft electrical wiring
  - . Evacuation slides
  - . Cabin interiors

No.2 worldwide  
in aircraft seats

No.1 in Europe  
in navigation and optronics

POWERED  
BY TRUST

Follow us

Sustainably  
changing aerospace  
to build the world  
of tomorrow

## PAVING THE WAY FOR CARBON-FREE AVIATION

### Innovative technologies

to contribute to a “zero emission”  
aviation by 2050

- . **Disruptive engines**, lightweight equipment
- . **Sustainable** aviation fuels
- . **Hybrid and all-electric** aircraft propulsion

**75%** of our R&T investment goes to reduce  
the environmental impact of air transport

**€4.2** billion in R&T expenditure  
between 2021 and 2025

**No.1** in France  
for patents filed

### A low carbon plan

applied at all facilities to reduce the  
environmental impact of our operations

**-50%** in greenhouse  
gas emissions by 2030

## REINVENTING & ENHANCING A SAFE AND COMFORTABLE IN-FLIGHT EXPERIENCE

We invent, build and deliver tangible high-tech  
solutions to shape tomorrow's aviation sector

An unrivalled capacity for innovation and support  
leveraged by operational excellence  
and digital transformation

## PROTECTING CITIZENS THROUGH DEFENSE SOLUTIONS

We equip the armed forces to prevent  
danger and ensure geopolitical stability

## EXPLORING SPACE

We develop state-of-the-art technologies  
to drive progress and shape  
the future of space access

## A DIVERSE AND TALENTED WORKFORCE THROUGHOUT THE WORLD

**76,800** employees in **27** countries,  
united by an unparalleled **team spirit**,  
a **passion** for overcoming obstacles  
and a desire to write  
**a new chapter in the history of aviation**

An HR policy based on  
**4 fundamentals:**

- . **Ensuring** diversity and inclusion
- . **Developing** skills and  
building opportunities
- . **Creating** a trustworthy workplace
- . **Promoting** collaboration and  
mutual support
