Authorization of FAA Certificated Repair Station located outside the United States

Dear Mr. Ramos,

This letter authorizes Safran Electronics & Defense Avionics Mexico, S. A. de C. V. Certification No 53XY765D to perform maintenance and modifications on aeronautical products, excluding aircraft, under TCCA regulatory control pursuant to Section B, Paragraph 4.0, of the FAA/TCCA Maintenance Implementation Procedures (MIP).

This authorization is limited to accessories and landing gear components manufactured by Safran Electronics & Defense Avionics USA, LLC. The work performed must be within the ratings and limitations contained in your 14 CFR Part 145 certificate, operations specifications and current capability list Rev: F dated 10/07/2022. Any changes applied to your certificate, operations specifications, or capability list will invalidate this authorization and a new authorization request will be required by TCCA.

This TCCA authorization shall remain in effect until your FAA Repair Station Certificate expires 2023-09-30, or if the certificate has been surrendered, suspended or revoked. To renew this authorization, TCCA requires Safran Electronics & Defense Avionics Mexico, S. A. de C. V. to provide their renewed certificate, and demonstrate compliance with the MIP Section B, Paragraph 4.1, as part of their new authorization request.

Best Regards,

Craig Dennis
