

PRESS RELEASE

Safran and Aviation's Electric Future

Paris Air Show, Le Bourget, June 13, 2019

At the 2019 Paris Air Show, Safran will be showcasing its vision of aviation's electric future and its innovation-focused expertise and strategy, at Stand A253 in Hall 2A.

You can download the **press kit** about this subject by clicking [here](#); charts and photos are also available.

To provide more information on Safran's expertise in airborne electrical and electronic systems, the Group is offering a series of lectures at its exhibition stand.

Monday, June 17 - 3:30 pm

Will more electric aircraft become all electric? *by Régine Sutra-Orus, Head of electric and electronic systems, Safran Tech.*

Tuesday, June 18 – 10:30 am

New mobility modes, new architectures, *by Yann Fefermann, Head of network architecture and electrical, Safran Tech.*

Tuesday, June 18 - 3:30 pm

Distributed hybrid systems, *by Eric Dalbies, Chief Executive Officer of Safran Power Units, and Pascal Dauriac, Vice President, R&T programs, Safran Helicopter Engines.*

Wednesday, June 19 - 10:30 am

GENeUSGRID, or when electrical networks have to get smart, *by Florent Nierlich, Head of R&T Programs, Power division, Safran Electrical & Power.*

Wednesday, June 19 - 3:30 pm

Generators, motors: so smart machines, *by Giovanni Raimondi, Director, R&T programs - Pitstone, Safran Electrical & Power.*

Thursday, June 20 - 9:45 am

"Start & Stop" is also a possibility in aviation, *by Pascal Dauriac, Vice President, R&T programs, Safran Helicopter Engines.*

Thursday, June 20 – 10:30 am

When will hybrid commercial aircraft happen? *by Nawal Jaljal, Head of aircraft architecture, Safran Tech.*

Thursday, June 20 – 3:30 pm

Flylight spots on data interconnection systems revolution, *by Sébastien Jaulerry, EVP, Interconnection systems division, Safran Electrical & Power.*

Friday, June 21 - 10:30 am

New mobility modes, new energies, *by Nicolas Jeuland, expert in alternative fuels, Safran Tech.*

Friday, June 21 - 3:30 pm

Electricity for a cleaner sky, *by Nicolas Jeuland, expert in alternative fuels, Safran Tech.*

Safran is an international high-technology group, operating in the aircraft propulsion and equipment, space and defense markets. Safran has a global presence, with more than 92,000 employees and sales of 21 billion euros in 2018. Working alone or in partnership, Safran holds world or European leadership positions in its core markets. Safran undertakes Research & Development programs to meet fast-changing market requirements, with total R&D expenditures of around 1.5 billion euros in 2018.

Safran is listed on the Euronext Paris stock exchange, and is part of the CAC 40 and Euro Stoxx 50 indices.
