

## FOR IMMEDIATE RELEASE

### Greenpoint Technologies Inducts BBJ 787-9 for V-VIP Interior Completion

Moses Lake, Wash. – 22 April 2024 – [Greenpoint Technologies](https://www.greenpointtechnologies.com), a leading provider of bespoke aircraft interiors and a Safran company, is pleased to announce the induction of a BBJ 787-9 for a full V-VIP interior completion. This marks the company's seventh 787 interior completion.

The BBJ 787-9 will undergo a comprehensive V-VIP completion at Greenpoint's state-of-the-art hangar facility in Moses Lake, Washington. The interior cabin includes distinct areas featuring elevated ceilings, customized IFE communication technologies, and exceptionally quiet acoustics. In addition, the interior features Greenpoint's innovative AeroSuite, offering passengers an unparalleled private space for relaxation, work, or dining during flight.

"We are deeply honored to be entrusted with this significant interior completion for our esteemed client. With our wealth of experience as our foundation, we are confident in our ability to deliver an extraordinary BBJ 787-9 interior. Our unwavering commitment to delighting our client and bringing their vision to life is at the core of our mission," states Klaus Koester, CEO of Greenpoint Technologies

Currently overseeing two (2) BBJ 787-9 V-VIP interior completion projects and several large military projects, Greenpoint's technical expertise and extensive completion experience have earned the trust of clients worldwide. This trust is evidenced by a resume of seven (7) V-VIP BBJ 787 interior completions to date, including delivery of both the world's first BBJ 787-8 and BBJ 787-9.
