

**GLOBAL REACH,  
LOCAL SUPPORT**

Our facilities are strategically located in major aviation hubs, close to our customers, so we can provide immediate, efficient and reliable support.

- Service centers worldwide
- 24/7 customer support and services
- Distribution centers
- International repair network

**FLEXIBLE, TAILORED SUPPORT**

- Spares provisioning & supply
- Logistics management
- Support by the hour
- Training and consulting services
- On-site technical support
- Engineering services
- Personalized real-time data monitoring
- Dispatch optimization

**SAFRAN  
WORLDWIDE**

Safran is a leading international high-technology group and tier-1 supplier of systems and equipment for aerospace and defense. Through our global presence, we not only enhance our competitiveness, but also build industrial and commercial relations with the world's leading prime contractors and operators, while providing fast, local service to all customers. Working alone or in partnership, Safran holds world or European leadership positions in its core markets.

NEARLY  
**58,000**  
EMPLOYEES

IN NEARLY  
**30** COUNTRIES

**15.8** BILLION  
IN SALES IN 2016

NEARLY  
**11%** OF SALES  
INVESTED IN R&D

**N°1 WORLDWIDE  
AEROSPACE**

- Single-aisle commercial jet engines (in partnership with GE)
- Helicopter engines
- Landing gears
- Wheels and carbon brakes<sup>(1)</sup>
- Aircraft wiring
- Power transmissions<sup>(1)</sup>
- Helicopter flight controls
- Commercial launches into geostationary orbit (within ArianeGroup<sup>(2)</sup>)

**N°1 IN EUROPE  
DEFENSE**

- Tactical drones
- Optronic systems
- Inertial navigation systems

(1) Mainline commercial jets with more than 100 seats.  
(2) A 50/50 joint company between Airbus and Safran.

**POWERED  
BY TRUST**

**SAFRAN SUPPORT NETWORK  
IN MIDDLE EAST**

**MRO & SERVICES  
DELIVERING VALUE  
TO OUR CUSTOMERS**

**SAFRAN IS COMMITTED TO PROVIDE TAILORED SOLUTIONS THAT MATCH AIRCRAFT OPERATORS' REQUIREMENTS WORLDWIDE.**

With a global aftermarket strategy based on differentiation, we leverage our assets - technological expertise, data management and international reach, to provide added-value to end customers.

Not only do we provide key technologies to make the aircraft fly, we also provide reliable, flexible and tailored associated services to optimize global cost of ownership, enhance performance, and maximize equipment service life, ultimately contributing to critical flight safety.

LANDING SYSTEMS

Over **1,200** gears maintained and overhauled per year

Over **11,000** equipments parts repaired annually

**11** repair centers in the world

AIRCRAFT ENGINES

**160,000** engine parts repaired annually

**11** maintenance and repair centers for commercial engines in the world

**90+** Field Service Engineers in 44 countries

ELECTRONICS & DEFENSE

**20,000+** parts repaired annually

**700+** employees dedicated to customer support

**12** repair shops all over the world

HELICOPTER ENGINES

**5** repair centers, all over the world

**40+** distributors and Certified Maintenance Centers (CMC) worldwide

**2,500** employees dedicated to customer support

## AFTERMARKET CAPABILITIES

NACELLES

**4** repair centers in the world

More than **18,000** nacelle units in service

Over **115,000** flight hours per day

ELECTRICAL & POWER

**15,000+** equipment repaired annually

**5** repair centers

POWER UNITS

**4** overhaul and repair shops

**50+** years of experience

**21,000+** delivered equipment

AERO BOOSTERS

**24/7** hotline support (DACS, test facility maintenance)

**550** lubrication units maintained annually

TRANSMISSION SYSTEMS

**35,000** equipment in service

**60** MRO customers worldwide
