

# SAFRAN CORPORATE VENTURES

## VENTURE CAPITAL ARM

of Safran, since March 2015

## MISSION

To accelerate Safran's R&T roadmaps by acquiring minority shares and partnering with innovative companies.

## INVESTMENT STRATEGY

**INNOVATIVE  
HIGH-TECH FIRMS**

**EARLY-STAGE  
INVESTMENT**

**SPONSORING  
FROM SAFRAN COMPANIES**

**CO-INVESTMENT**

**INTERNATIONAL  
INVESTMENT**

## PORTFOLIO OBJECTIVE

**€80 M**

**A DEDICATED TEAM  
OF INVESTORS**

**300 STARTUPS  
ANALYZED EVERY YEAR**

**AVERAGE FIRST-ROUND  
INVESTMENT  
€1M TO €5M**

**TARGETED INDIRECT INVESTMENT  
TO BOOST GEOGRAPHIC  
AND SECTORAL GROWTH**

## 5 PRIORITY AREAS

**GREENER**

**CONNECTED AND  
AUTONOMOUS**

**NEW  
USAGE**

**PASSENGER  
EXPERIENCE**

**PRODUCTIVITY &  
DIGITAL  
SERVICES 4.0**

**SAFRAN**

# PORTFOLIO

- Software engineering and real-time operating systems for critical electronics
- Aircraft certification with Safran Electronics & Defense

2015

- Complete augmented-reality software and solutions for industry
- Contract with Safran

2016

- New-generation digital manycore processors for embedded applications
- Research agreement with Safran Electronics & Defense

2017

- Materials, equipment and services for additive manufacturing
- Technology partnership with Safran R&T

2017

- Optical technology for networks and additive manufacturing
- Technology partnership with Safran Electrical & Power

2017

- Low-cost regenerative-cycle turboprop and turbogenerator for general aviation and electric aircrafts
- Cooperation agreement with Safran Tech, Safran Power Units and Safran Helicopter Engines

2017

- Lithium-ion battery and active battery management system
- Cooperation agreement with Safran Electrical & Power

2019

- 3D Semantic Cameras that combine sensor innovations such as remote material identification with comprehensive real-time 3D data processing
- Cooperation agreement with Safran Electronics & Defense

2019

- Inflight Connectivity *Air-to-Ground* services provider
- Technology partnership with Safran Aerosystems

2021

- Carbon neutral fuels production
- Technology partnership with Safran R&T

2022

- Electrification of small planes with fuel cells
- Technological partnership with Safran Power Units

2022

# INDIRECT INVESTMENT

- Early-stage fund for hardware and software innovations and data analysis for industry 4.0
- Portfolio to date of 19 companies (IOT, additive manufacturing, quantum, data analytics...)

2019
