

Capability list per Part Number for Maintenance Organization

EASA Part 145 Approval No: DE.145.0403 from LBA – Hamburg

Scope of work Part 145 for parts and appliances Group C5/C6 (according status: overhauled, inspected/tested, modified, repaired, ~~inactive~~¹):

Sensors, Valves, Tanks, Controllers, Toilets, Drains, Indication Panel, Faucets, Water Heater, Light Adapter and Thermostat Control Unit Device

Federal Supply Code of Manufacturers (FSCM or Cage Code): DJ188

IDENTIFICATION

Effective Date : **2020-03-09**

Document No. : **L-930-1-MOE**

Revision: **V**

Version : **3** *(Version 1 to 5 indirect release acc. ZCC Procedure P-423-2, no signature by competent authority necessary.)*

Corporate Department Administrator: **Quality**
