

FOR IMMEDIATE RELEASE

Greenpoint Technologies Wins Design Award for Boeing Business Jet MAX 8 Interior Concept

Greenpoint's Award-winning Interior Design Concept, *Retreat*

Bothell, Wash. – 08 June 2022 – [Greenpoint Technologies](https://www.greenpointtechnologies.com) wins the Private Jet Concept Award in the International Yacht and Aviation Awards 2022 for its VIP BBJ MAX 8 interior design, titled *Retreat*.

“It is an honor to be recognized amongst the industry’s most esteemed designers in the International Yacht and Aviation Awards! *Retreat* is an original Greenpoint Design interior, and this award showcases the immense talent of our entire team. Together we achieved a timeless, elegant interior equipped with progressive technologies and luxuries inspired by a world-class spa retreat,” explains Annika Svore Wicklund, Greenpoint Design Director.

Hosted by leading interior design magazine *Design et al* and leading yacht and aviation design magazine *Luxe et al*, The International Yacht & Aviation Awards celebrate the best in design from across the globe. Shortlisted entries were presented online, and voting was open to industry professionals, clients, customers and *Luxe et al* readers. Held in Venice, Italy, the well-established awards ceremony enables leading design firms to showcase their work and celebrate the finest design schemes, product launches and innovation in the yachting and aviation industries.

Greenpoint curated the award-winning BBJ MAX 8 interior, *Retreat*, for a distinguished world traveler focused on health and self-care priorities. The Greenpoint design team focused on biophilia and wellness

trends to create the experience of a luxury spa retreat. The *Retreat* interior balances sustainable details and live greenery with advanced technology concealed discreetly within the bespoke cabinetry. Key features include a master suite encased in gradient, opaque glass walls, internally lit terrariums, and oversized, outboard-facing OLED monitors displaying curated videos of the destination or views from external high definition (HD) cameras. Inspired by flowing water, the cabin ceiling features a panel system with a high-gloss metallic finish reminiscent of a river meandering throughout the interior.

Greenpoint's award-winning *Retreat* interior design concept is currently a finalist in the Society of British & International Design (SBID) Awards 2022.
