The Supplier shall inform the Purchaser of any modification of applicable legal provisions and regulations and standards that affect the conditions in which the Supply is delivered or performed.

16 - SUPPLY'S PERFORMANCE AT THE PURCHASER'S SITE

If the Supply is performed (either fully or partially) at the Purchaser's sites, the Supplier shall:

forward in advance a list with the names of the members of its personnel susceptible of accessing the Purchaser's site, the Purchaser reserving the right to refuse any person access to its site for security reasons. The Supplier will take the necessary measures to ensure that if any persons have to be replaced. This will not have a negative impact on the performance and the quality of the Supplies.

respect and ensure that the Supplier's personnel and any subcontractor respect the rules of access to the site, security requirements, including in relation to information technology (IT), confidentiality rules, as well as the provisions of the internal rules of conduct which apply to all persons within one of the Purchaser's establishment as employees of an external company, including hygiene and safety rules and general working conditions.

When necessary, the Purchaser will make available to the Supplier premises that will be allocated to it to enable it to intervene without disrupting the organization of the Purchaser's company. The Supplier will be able to place its equipment there, including in particular computer equipment (PCs, workstations, office furniture, etc.) necessary for the performance of the Supplies that are subject of the Order. The disposal of the premises will end once the Order has been performed, or if the Supplier's presence in the Purchaser's premises is no longer justified. The Supplier will retain full and entire ownership and custody of equipment, software and software programs belonging to it that it has occasion to use and/or store at the Purchaser's site.

The Purchaser may also:

- provide the IT services strictly necessary for performance of the Order in accordance with procedures and modalities that it will define on a case by case basis in order to preserve the security of its IT systems;
- provide access to its internal messaging system and to a directory for the exchange of data with the Supplier, in accordance with the conditions defined in Appendix 2.

When the Supplier is authorized to access the Purchaser's information system, this authorization is strictly limited only to performing the Order. The Supplier shall, in all events, respect the Safran Group's Information System Utilization and Security Charter and all other instructions provided.

Should the Supplier's personnel be present on the Purchaser's site, the Supplier shall appoint a project manager having hierarchical and disciplinary authority over its personnel.

Each member of the Supplier's personnel present at the Purchaser's site must, on request, state their name, the manager of their mission, and the name and contact details of the Supplier's project manager.

At the end of the completion of the Supply at the Purchaser's site, the Supplier's personnel must:

- return to the Purchaser's security manager the badges and other means of access that had been given to them,
- where applicable, return to the department concerned the words, codes and keys used to access the hardware and software allocated to it,
- and more generally, return all information, documents and other items which were supplied to it for the performance of the Order.

17 - SUPPLIER'S PERSONNEL

The Supplier is solely responsible for the administrative, accounting and labor management and supervision of its personnel assigned to the performance of Orders.

The Supplier will expressly retain hierarchical and disciplinary authority over its employees, including during the time when they are present at the Purchaser's site.

The Supplier alone is responsible for the appointment of personnel that it assigns to the performance of the Order. The Supplier certifies that throughout the performance of the Order, the members of its personnel assigned to the task will be competent, qualified and sufficient in number to ensure that the Supply is in conformity with the Contractual Documents.

18 - CONFIDENTIALITY

18.1 Even without the Purchaser specifying or marking any information as confidential, the Supplier shall keep confidential all information received from the Purchaser in connection with any Order, as well as all information the Supplier might have access to as a result of its presence at the Purchaser's premises or another Safran Group Company (collectively, the "Confidential Information"). Any Results shall be regarded and treated as Confidential Information belonging to the Purchaser.

18.2 Confidential Information shall remain the Purchaser's property. The disclosure of Confidential Information by the Purchaser shall in no event be interpreted as granting to or conferring upon the Supplier, expressly or implicitly, any right whatsoever (under a licence or by any other means) with respect to the Confidential Information.

18.3 The Supplier shall:

- use Confidential Information only for the purposes contemplated in the Order;
- disclose Confidential Information only to those of its employees for whom it may be strictly necessary for the purposes contemplated in the Order and then only a "need to know" basis;
- not disclose Confidential Information or make it available, either in full or in part, to any third party without the prior written consent of the Purchaser; and
- ensure that the confidentiality obligations incumbent upon the Supplier under the present article "Confidentiality" are complied with by its employees and other persons authorized by the Purchaser to access Confidential Information.

18.4 Notwithstanding the preceding, the confidentiality obligations shall not apply to any information which:

- is already in, or has already entered the public domain prior to its disclosure or after it, other than through the fault of the Supplier;
- is already known or available to the Supplier at the date of receipt of Confidential Information, as evidenced by written records of the Supplier; and/or
- is lawfully obtained by the Supplier from third parties, with full rights of disclosure, as evidenced by written records of the Supplier.

18.5 If the Supplier is required to disclose Confidential Information pursuant to a court order, the Supplier shall immediately inform the Purchaser of such disclosure. In addition, the Supplier shall cooperate with the Purchaser for the purposes of limiting the disclosure and use of Confidential Information as far as possible, which may include assisting the Purchaser to obtain a protective order (or similar judicial protection) relating to disclosure of the Confidential Information.

18.6 In the event of termination of the Order for whatever reason, the Supplier shall immediately return to the Purchaser any and all Confidential Information and/or to destroy any Confidential Information. The Supplier shall provide a statement certifying the aforementioned complete return or destruction. The return or destruction of Confidential Information shall not release the Supplier from its confidentiality obligations under this article.

18.7 Any and all classified Confidential Information disclosed by the Purchaser shall be identified as such at the time of its disclosure. The disclosure, protection and use of classified Confidential Information shall be in accordance with the security procedures issued by the authorities concerned.

18.8 The Supplier shall not use the Order, the Supply, the Confidential Information, and/or any other information for the purpose of direct or indirect advertising without the prior written agreement of the Purchaser.

Unless otherwise provided in the Order, the confidentiality obligations provided in this article shall remain in full force and effect throughout the Order performance and for a period of ten (10) years from the end of the warranty period of the Supply, it being specified, however, that with regards to results that are the subject of intellectual and/or industrial property rights, the obligation to maintain confidentiality will remain in force throughout the entire duration of performance of the Order and throughout the entire legal duration of protection relating to intellectual and/or industrial property right.

18.10 If Confidential Information that is the property of a third party is to be communicated to the Supplier, any more restrictive confidentiality requirements that may be imposed by this third party will be passed on to the Supplier.

18.11 In order to ensure the security of the Purchaser's Confidential Information and the media containing it, the Supplier will take all necessary precautions to ensure its protection, in particular by using computer access controls and encryption of the Confidential Information.

18.12 Should the Supplier disclose information that it owns to the Purchaser, which would be marked or identified as being confidential, the Purchaser undertakes to comply with the same obligations.

19 - RESERVED

20 - FORCE MAJEURE

Each Party shall inform the other Party immediately, with confirmation by written notice, no later than five (5) calendar days after the occurrence of force majeure preventing it from performing its obligations under the Contractual Documents.

The obligations whose performance is rendered impossible by the occurrence of an event of force majeure shall be suspended for the duration of this event.

The Party invoking force majeure undertakes to take every measure possible to limit the prejudicial consequences of this event for the other Party.

For the application of this clause, only an event meeting simultaneously all the conditions described hereinafter shall be considered an event of force majeure:

- a) This event must be unavoidable, unforeseeable and totally independent of the will of the Parties.
- b) Subsequent to this event, the Party invoking the event of force majeure was unable to perform its obligations in accordance with the Contractual Documents.

The Supplier shall not be able to invoke delays on the part of its own suppliers or subcontractors unless the cause for these delays may be considered an event of force majeure under this clause.

21 - TRANSFER – ASSIGNMENT – SUBCONTRACTING

21.1 The Supplier shall not transfer or assign all or part of the Order or the related rights and obligations to any third party without the prior written consent of the Purchaser, including in the event of merger or split-up.

The Purchaser, in its sole and absolute discretion, reserves the right to transfer or assign to any Safran Group Company, all or part of the Order or the related rights and obligations, provided that the Purchaser shall provide prior written notice thereof to the Supplier.

21.2 Unless the Parties expressly agree otherwise, the Supplier shall not subcontract any of the Order. If the Supplier is authorized to subcontract, the Supplier shall pass on the obligations contained in the Contractual Documents to its subcontractors. The Purchaser may, if necessary, approve in writing the subcontractor's payment terms at the request of the Supplier. Notwithstanding the approval of the Purchaser to the Supplier's subcontracting of the performance of the Order, or the choice of the subcontractor and its payment terms, the Supplier shall remain solely liable to the Purchaser for the performance of the Supply subcontracted. No default of its subcontractors shall exclude or limit the Supplier's liability.

22 - EXPORT CONTROL

22.1 The Parties agree to comply with export control laws and regulations that are applicable to the Supply (including its components), as well as to the software, information and products that the Parties may exchange within the framework of the performance of an Order.

22.2 Each Party undertakes to inform the other Party of the export control classification concerning the elements hereinabove, and undertakes to notify it of any changes to – or any plans to change – this classification no later than fifteen (15) days after receiving notice of said change.

22.3 In the event that the export or re-export of all or part of the Supply is subject to obtaining an export license, the Supplier shall apply, at no cost to the Purchaser, for any license or governmental authorization necessary to enable the Purchaser to use the Supply and to deliver such licenses or governmental authorizations to the Final Client or to any other end user specified by the Purchaser to the Supplier. The Supplier undertakes to immediately notify the Purchaser of the issuance of the export license by the competent government authorities or of the existence of a dispensation, and to provide it with a copy of said license or a certificate describing in particular any restrictions applicable to the re-export or re-transfer by the Purchaser of all or part of the Supply to a third party. An Acceptance Report may not be issued, and may subsequently be deemed invalid, if the Supplier does not properly issue the export licenses described herein.

22.4 The Supplier shall implement all necessary security measures to prevent the transfer, by any means whatsoever, of information provided by the Purchaser and identified as being subject to applicable laws and regulations on export control to any person that is not authorized to access such information.

22.5 Should any applicable export licence be withdrawn, not renewed or invalidated for any reason whatsoever, the Purchaser reserves the right to automatically terminate the Order, without prejudice to its right to claim compensation for the damage sustained by this breach.

22.6 Should the Supplier fail to meet its export control obligations, the Supplier will be bound to compensate the Purchaser for any damage caused to the Purchaser and its customers (including the Final Client) in connection with the performance of the Order or the use or operation of all or part of the Supply. Furthermore, the Supplier shall pay for the cost of defending the Purchaser (including any and all attorneys fees and related costs) and/or the Purchaser's customers in the event of any action or legal proceedings taken by competent authorities relating to export control as well as all consequences, including fees, expenses and damages that may be incurred.

23 - TERMINATION

23.1 Either Party shall be entitled to terminate the Order by sending notice via certified mail return receipt requested in the following cases:

- When the other Party fails to perform any of its contractual obligations and does not cure such breach within thirty (30) days from receipt of formal notice thereof;
- When the other Party becomes the subject of judicial protection, receivership or liquidation;
- When there is a force majeure event the duration of which exceeds one month from the date on which one of the Parties informs the other Party thereof.

23.2 In addition, the Purchaser may, in its sole and absolute discretion, terminate the Order by sending notice via certified mail return receipt requested in the following cases:

1. With immediate effect when the Supplier fails to comply with any of its obligations set forth in articles 14 (“Compliance with Labour Regulations”), 22 (“Export control”) and/or 24 (“Ethics”) of these General Purchasing Conditions and more generally in case of any breach by the Supplier of any of its contractual obligations which cannot be remedied;
2. Subject to a thirty (30) days’ written notice when one of the Purchaser’s competitors or a competitor of any other Safran Group Company acquires a stake in the Supplier’s capital; and
3. Subject to a thirty (30) days’ written notice, in the event of a major change in the social and/or industrial organization of the Supplier that could jeopardize (in the Purchaser’s sole and absolute discretion) the proper performance of the Order.

23.3 In the event Purchaser terminates the Order, the Purchaser reserves the right to perform or have a third party perform all or part of the Order at the expense of the Supplier. In this respect, the Supplier undertakes, at the request of the Purchaser, to provide to the Purchaser or to any third party designated by the Purchaser all the elements necessary to perform the Supply.

23.4 Upon the expiration of the Order, or following its termination for any reason whatsoever, the Supplier shall return, within eight days and at its cost, to the Purchaser the Entrusted (or Bailed) Property and any Documentation which has not yet been provided.

23.5 In any event of termination, each Party shall still be required to comply with all its contractual obligations until the effective date of termination, without prejudice to any damage that the non-defaulting Party may be able to claim as compensation for the damage incurred as a result of the non-performance by the defaulting Party of the obligations set forth in the contractual documents.

24 - ETHICS

The Supplier solemnly declares that:

- It has not infringed any anti-corruption laws or regulations,
- It has not been subject to any civil or criminal sanctions for infringement of anti-corruption laws or regulations and that no investigation or proceedings which could lead to such sanctions have been brought against it,
- To the best of its knowledge, no executive or manager of the Supplier has been subject to any civil or criminal sanctions for infringement of anti-corruption laws or regulations and that no investigation or proceedings which could lead to such sanctions have been brought against such persons.

The Supplier warrants that:

- It complies and shall comply with the legal provisions against corruption in accordance with the OECD Convention of 1997 and the United Nations Convention Against Corruption of 2003 (UNCAC),
- It has not granted and shall not grant, directly or indirectly, any gift, present, payment, remuneration or benefit whatsoever (trip, etc.) to anyone with a view to or in exchange for the conclusion of an Order.

The Supplier shall notify the Purchaser's Purchasing Department of any gift, present, payment, remuneration or benefit whatsoever that it might grant either directly or indirectly to any employee, officer or representative of the Purchaser or of any Safran Group Company or to anyone that might influence their decision within the framework of the performance of an Order.

In the event of failure to comply with this clause, the Purchaser shall automatically have the right to terminate the Orders in progress with immediate effect and without compensation, and without prejudice to any remedies the Purchaser may take against the Supplier.

25 - MISCELLANEOUS

- (i) The particularly sensitive nature of the Purchaser's business activities may result in specific requirements regarding security. As a result, the Supplier may be required, before the start of the performance of the Order, to sign either a confidentiality agreement, or agreements relating to the custody of classified and secret information.
- (ii) Neither Party's failure to exercise or delay in exercising any of its rights with respect to the Contractual Documents shall be construed or be deemed a waiver of any such rights.
- (iii) Should any provision of the Contractual Documents be held to be invalid, the remainder shall continue to be valid and enforceable. The Parties shall then seek to replace this provision with a valid provision in order to maintain the contractual balance.
- (iv) The Supplier acts in its own name and on its own behalf as an independent contractor. The Supplier has neither the power nor the authorization to enter into any commitment whatsoever in the name and for the account of the Purchaser. No provision of the Contractual Documents may be construed as creating an agent/principal, parent/subsidiary or employer/employee relationship between the Supplier and the Purchaser.

26 - APPLICABLE LAW – JURISDICTION

By express agreement between the Parties, the Contractual Documents, and all claims or causes of action (whether at law, in contract or in tort) that may be based upon, arise out of, or relate to the Contractual Documents or the negotiation, execution or performance thereof, shall be governed by and construed in accordance with the laws of the State of New York excluding that body of law known as conflicts of laws. The parties specifically disclaim the Vienna Convention on the International Sale of Goods.

EACH OF THE PARTIES HERETO IRREVOCABLY SUBMITS TO THE EXCLUSIVE JURISDICTION OF ANY NEW YORK STATE COURT OR FEDERAL COURT SITTING IN NEW YORK CITY WHICH SHALL BE THE EXCLUSIVE FORUM FOR THE PARTIES WITH REGARD TO ANY MATTER, CONTROVERSY, OR DISPUTE BETWEEN THEM WHICH ARISES OUT OF OR RELATES TO THIS AGREEMENT, AND EACH PARTY CONSENTS TO THE EXCLUSIVE JURISDICTION OF THOSE COURTS FOR ANY ACTION INVOLVING SUCH A MATTER.

In no circumstances, shall this prevent a Party from obtaining injunctive relief before a competent jurisdiction.

However, the Parties may by mutual agreement decide to have recourse to mediation, before going to court.

APPENDIX 2

This Appendix establishes the conditions under which the Purchaser and the Supplier will carry out an electronic data interchange (EDI) via networks, and within the framework of those certain Safran Group General Purchasing Conditions (capitalized terms used but not defined herein shall have the meanings ascribed to them in the Safran Group General Purchasing Conditions).

A) Definitions

Electronic data interchange (EDI): electronic transfer via a network, from one computer to another, of data in the form of an EDI message.

EDI Message: series of structured segments presented in a form that can be unequivocally read by a computer.

Acknowledgement of Receipt: message issued by the recipient of an EDI message acknowledging receipt of the message and its legibility.

B) Nature of the information exchanged

The information which may be exchanged by EDI is defined in the Orders.

Any other information must be exchanged via paper unless there is a specific, written, agreement between the Parties to include such an exchange (independent from this Appendix).

C) Validity and taking into account the EDI content

The exchange of information via EDI is carried out at the time and place that the EDI message is placed at the disposal of the recipient's information system.

On receipt of information transmitted by EDI by the recipient's computer, the recipient issues an Acknowledgement of Receipt to the issuer. The recipient is then reputed to have correctly received the information given unless the recipient informs the other Party of a problem in reading or interpreting the data transmitted. Notification of such a problem may be sent by any means.

Under no circumstances is the recipient authorized to modify the message received. Any modification must be made by the issuing Party with specific reference to the modification made. In order for an Acknowledgement of Receipt to be properly issued, the underlying EDI Message must be issued by an authorized issuer with an agreed upon electronic signature.

D) Registration and conservation of EDI Messages

The Parties must keep all the EDI messages exchanged, taking all the necessary security measures at their disposal to guarantee their inalterability. In this respect, the Parties undertake to respect a certain number of control procedures such as the conservation of the information sent by EDI in its original form and in chronological order of sending.

The Parties must ensure that the information exchanged by EDI is kept by electronic or computer journals listing all exchanges sent and received and that it is easily accessible. In addition, the Parties must ensure that this information can be reproduced in legible form and can be printed.

E) Admissibility and probative value of the EDI Messages

Each Party agrees that the EDI messages exchanged on the basis of this Appendix and in conformity with the provisions hereunder have a probative value equivalent to that of a document in paper format.

As such, the Parties waive the right to contest the authenticity of the information exchanged or oppose the information on the sole basis that the information was exchanged by EDI.

The Parties agree that, in the event of a dispute, information exchanged by EDI may be produced before the courts or arbitration panels as proof of the facts that they contain; provided that either Party may contest the validity of the underlying facts with other proof or evidence.

F) Security of EDI Messages

The Parties shall set up and maintain security measures and procedures to ensure the protection of the EDI messages against risks of unauthorized access, modification, lateness, destruction or loss.

The security procedures and measures include verification of the origin and integrity of EDI Messages. All information exchanged by EDI must identify the sender and the recipient. As such, each of the Parties shall submit to the other party a list of the persons authorized to send information by EDI (including providing corresponding electronic signatures), and update this list as necessary.

If any security procedures and measures lead to the rejection of an EDI message or the detection of an error in the message, the recipient must inform the sender of this as soon as possible.

The recipient of an EDI message which has been refused or which contains an error cannot act on the message without authorization from the sender. When a refused or erroneous message is retransmitted by the sender, the message must clearly indicate that it is a corrected message.

In addition, the Parties shall set up and maintain the operational environment necessary for EDI operations. As such, the Parties must supply and ensure maintenance for the hardware, software and the services necessary to transmit, receive, translate and conserve EDI messages.

G) Confidentiality

The Parties must ensure that the information contained in the EDI messages remains confidential and is not disclosed or retransmitted to any other parties who are not authorized to receive it. They must also ensure that it is not used for any purpose other than the execution of the Orders.
