

PRESS RELEASE

Appointments at Human Resources of Safran Electrical & Power and at Presidency of Safran Engineering Services

Toulouse – October 4, 2018

Edouard Petit de Meurville appointed Vice President Human Resources of Safran Electrical & Power

Edouard Petit de Meurville began his career in 1999 with the Labinal Group¹. He held several positions, starting as Human Resources Manager for Syléa (a company specializing in wiring for the automobile industry) in 1999, then for Cinch (electrical connector systems) in 2001.

In 2004, he joined Aircelle² as Corporate Relations Manager and Director of the site in Plaisir. In 2008, he was appointed Corporate Relations Manager of Snecma³ and Director of the Courcouronnes site. Then, in 2013, he became Human Resources Manager for Safran Electronics & Defense.

Edouard Petit de Meurville, 46, graduated from Paris II University in 1997 with a master degree in Private Law and Political Science and a two-year specialized Master's degree in Labor Law and Human Resources Management (Paris XIII University – 1998).

¹Now Safran Electrical & Power.

²The future Safran Nacelles.

³Today, Safran Aircraft Engines

Valentin Safir appointed President of Safran Engineering Services

Valentin Safir started his career in 2000 with Mc Kinsey & Company where he advises major industrial actors on improvement of operational performance.

He joined Labinal¹ in 2010 as director for continuous improvement and supply chain in the wiring division. Europe & Asia.

In 2013, he is named president of Matis Aerospace² before being appointed General Manager of Safran Electrical & Power Villemur-sur-Tarn plant. Since February 2018, he was General Manager France and Morocco for Safran Engineering Services.

Valentin Safir, 40, graduated from Centrale Supélec (2000) and Cornell University (2000),

¹Now Safran Electrical & Power.

²Joint-venture of Safran Electrical & Power and Boeing, specialized in electrical wiring interconnection systems in Morocco.

Safran is an international high-technology group, operating in the aircraft propulsion and equipment, space and defense markets. Safran has a global presence, with more than 58,000 employees and sales of 16.5 billion euros in 2017. Safran is listed on the Euronext Paris stock exchange, and is part of the CAC 40 and Euro Stoxx 50 indices. Including Zodiac Aerospace, acquired by Safran in February 2018, the Group has over 91,000 employees and would have around €21 billion in adjusted revenues (pro forma 2016).

Safran Electrical & Power is one of the world market leaders in electrical systems in aeronautics, number 1 in wiring and number 2 in power systems. A key player in the field of more electric aircraft, the company employs more than 13,000 people in 12 countries.
