

## NEWS RELEASE

### CFM logs \$15.7 billion in orders at 2018 Farnborough Airshow

- Takes 2018 orders to date to more than 2,200 engines

**FARNBOROUGH, England – 19 July 2018** – CFM International announced orders and commitments for just over 858 LEAP and CFM56 engines at the 2018 Farnborough Airshow, in addition to long-term services agreements, at a total value of \$15.7 billion U.S. list price.

"It has been a great year so far for CFM," said Gaël Méheust, president and CEO of CFM International. "We just delivered the 1,000<sup>th</sup> LEAP engine, the fleet has logged more than 1.5 million flight hours, and we have the highest daily utilization in this thrust class. That means our customers have the flexibility to operate their assets when they want, where they want, as often as they want. Our customers and their operations are always at the forefront of everything we do, and we could not be more honored by the confidence they continue to show in our products and services."
