

PRESS RELEASE

IdentoGO® Centers by MorphoTrust Enroll Two Million Americans in TSA Pre✓®

Thousands Sign Up for Expedited Screening Program Each Day

Billerica, Mass. – January 13, 2016 – More than two million travelers are now enrolled in the Transportation Security Administration's [TSA Pre✓®](#) program, [MorphoTrust USA](#) (Safran) announced today. MorphoTrust, a leading provider of identity services and solutions, is a trusted partner of TSA and is currently the sole enrollment services provider for TSA Pre✓®. [IdentoGO® Centers by MorphoTrust](#) continues to ramp up its efforts to meet the growing demand for enrollment in TSA Pre✓® and are now processing nearly 50 percent more applications every day, compared to earlier in 2015.

Today, **IdentoGO** Centers enroll thousands of people each day in a growing network of more than 355 locations that service TSA Pre✓® applicants. MorphoTrust has made it easier for customers to apply for the popular travel program by expanding the [number and hours of operations of our centers](#), launching a [mobile enrollment program](#) for businesses and other organizations, and through [partnerships such as H&R Block](#) to provide enrollment services at a growing number of retail locations.

"TSA's Pre✓® program has proven to be a true win-win with enhanced security for the entire air travel system and convenience for the traveling public," said Charles Carroll, senior vice president of identity services at MorphoTrust. *"Working closely with our partners at TSA, we will continue to help expand this program and make convenient, hassle-free travel a reality for millions more Americans."*

TSA Pre✓® is an expedited security screening program that connects travelers departing from more than 150 U.S. airports with smarter security and a more convenient travel experience. TSA Pre✓® travelers do not need to remove shoes, laptops, liquids, belts or light jackets at security checkpoints. TSA Pre✓® helps take the stress out of travel for more than 2 million travelers who have enrolled in the TSA Pre✓® program.

Passengers interested in enrolling in TSA Pre✓® are encouraged to begin the application process by [pre-enrolling online](#) and then making an appointment at a local center. Upon arrival, trained agents verify approved identity documents (a birth certificate or passport and another government issued ID) and obtain biographic information before live-scanning applicants'

fingerprints and securely transmitting the application package to TSA for review. The agency completes the application vetting process and issues a Known Traveler Number (KTN) via mail once the application is approved. An applicant can check the status online by visiting <https://universalenroll.dhs.gov/> and clicking on "[Check Status](#)." Applicants pay an \$85 processing fee, which covers five years of access to TSA Pre✓®. The entire application process takes just a few weeks to complete.
