### Vistara signs LOI for additional CFM LEAP-1A engines

- Will be used to strengthen domestic network, support international expansion

**FARNBOROUGH, England – 16 July 2018 –** Delhi-based Vistara Airlines and CFM International today signed a Letter of Intent for the purchase of 26 LEAP-1A engines to power 13 additional Airbus A320neo aircraft announced July 11 that are part of the airlines ambitious expansion program. Once finalized, the engine order will be valued at \$375 million U.S. at list price. In addition, Vistara has secured agreements for 37 additional leased aircraft that will also be powered with the LEAP-1A engine. The leased aircraft orders were previously announced.
