Subj.: Repair Station Certification Renewal in accordance with RAAC 145.-

Mrs. Nathalie Delangue,

Hereby, and continuing the Certification Renewal process of **SAFRAN AIRCRAFT ENGINES (ANAC Code# 1B-618)**, we inform you that the expiration date of the Operation Specifications Certificate has been extended until **May 31th, 2022.**

This extension is issued taking into consideration the impossibility of scheduling an on site audit of yours facilities due to the inconveniences generated by the COVID-19 pandemic.

Please consider this letter as the extension of the expiration date of the current Operations Specifications.

If that situation extends beyond the date granted, we will contact again in order to evaluate the conditions of a new extension.

If you have any question, fell free in contacting us.
