**Subject : EU / Canada Agreement - Approval of TCCA MAG Supplement**

Dear Sir or Madam,

1. Considering the maintenance procedures covered by Annex B to the Agreement between European Union (EU) and Canada on Civil Aviation Safety and MAG (Maintenance Annex Guidance), this is to inform you that SAFRAN AEROSYSTEMS TCCA MAG Supplement SAO-QUA-0202 issue 1, dated 08/02/2022 is hereby approved by OSAC on behalf of DGAC.
2. The TCCA CAR 573 approval reference is:

SAFRAN AEROSYSTEMS

TCCA CAR 573 Approval Reference number: TCCA 813-28

There is no need for continuation because the supplement approval letter remains in effect until surrendered, suspended or revoked.

This supplement approval allows performing maintenance services on Canadian registered aeronautical products subject to compliance with EASA Part-145 requirements and the specific regulatory requirements as detailed in the Agreement Annex B Appendix B1 and the Maintenance Annex Guidance (MAG).

3. Please be reminded that TCCA scope of ratings and limitations must not exceed the ones specified in your Part 145 approval certificate.

Best regards,

For OSAC,  
Philippe MOULIUS
