Federal Aviation Administration

Air Agency Certificate

Number E7NY532Y

This certificate is issued to
SAFRAN AIRCRAFT ENGINE SERVICES BRUSSELS

whose business address is
BRUSSELS AIRPORT / BUILDING 24B
B1930 ZAVENTEM
BELGIUM

upon finding that its organization complies in all respects
with the requirements of the Federal Aviation Regulations
relating to the establishment of an Air Agency, and is
empowered to operate an approved Repair Station

with the following ratings:

LIMITED ENGINE
LIMITED ACCESSORIES
LIMITED NONDESTRUCTIVE TESTING

This certificate, unless canceled, suspended, or revoked,
shall continue in effect until JULY 31, 2025

By direction of the Administrator

Date issued: May 28, 2004

John Y. Chen
FOR
Nicholas Tsokris, Manager, New York IFO

This Certificate is not Transferable, and any major change in the basic facilities, or in the location thereof,
shall be immediately reported to the appropriate regional office of the Federal Aviation Administration.

A001 . Issuance and Applicability

a. These operations specifications are issued to SAFRAN AIRCRAFT ENGINE SERVICES BRUSSELS, a Repair Station located outside the United States, pursuant to 14 CFR Part 145, § 145.53(a). The repair station certificate holder shall conduct operations in accordance with 14 CFR Part 145 and these operations specifications.

   The certificate holder’s address:
   
   Fixed Location:
   Brussels National Airport
   Building 24 B / 101
   Zaventem
   B1930
   Belgium

b. The holder of these operations specifications is the holder of certificate number E7NY532Y and shall hereafter be referred to as the "certificate holder".

c. These operations specifications are issued as part of this repair station certificate and are in effect as of the date approval is effective. This certificate and these operations specifications shall remain in effect until the expiration date on the issued certificate for a repair station that is located outside the United States unless previously surrendered, suspended, or revoked.

d. The repair station specified on these operations specifications performs maintenance and/or an alteration of aircraft and/or aeronautical products under a Bilateral Aviation Safety Agreement (BASA).

e. The certificate holder is authorized to use only the business name which appears on the certificate to conduct the operations described in subparagraph a.
1. The Certificate Holder applies for the Operations in this paragraph.
2. These Operations Specifications are approved by direction of the Administrator.

Digitally signed by James Moran, Principal Maintenance Inspector (FSS9)
[1] SUPPORT INFO: In support of QM Chap.
DATE: 2022.11.09 07:37:03 -06:00

3. I hereby accept and receive the Operations Specifications in this paragraph.

Ricardo Gentil Peixoto Da costa, CEO

Certificate No.: E7NY532Y

A001-2
Amdt. No: 19
A002. Definitions and Abbreviations

HQ Control: 12/14/2017
HQ Revision: 05d

Unless otherwise defined in these operations specifications, all words, phrases, definitions, and abbreviations have identical meanings to those used in 14 CFR and 49 U.S.C., as cited in Public Law 103-272, as amended. Additionally, the definitions listed below are applicable to operations conducted in accordance with these operations specifications.

BASA
The Bilateral Aviation Safety Agreement (BASA) is an executive agreement concluded between the United States and a foreign country for the purpose of promoting aviation safety; also known as an Agreement for the Promotion of Aviation Safety.

Certificate Holder
In these operations specifications, the term "certificate holder" means the holder of the repair station certificate described in these operations specifications in Part A paragraph A001 and any of its officers, employees, or agents used in the conduct of operations under this certificate.

CAAS
Civil Aviation Authority of Singapore

CFR
Code of Federal Regulations

Class Rating
As used with respect to the certification, ratings, privileges of airframes, powerplants, propellers, radios, instruments, and accessories within a category having similar operating characteristics.

EASA
European Aviation Safety Agency

EASA Accountable Manager
The manager who has corporate authority for ensuring that all maintenance required by the customer can be financed and carried out to the standard required by the EASA full-member Authority.

EU
European Union

Exemption
An authorization that permits an alternate means of compliance with a specific CFR. The exemption must meet the procedural requirements of 14 CFR Part 11.

FOCA
Federal Office of Civil Aviation

FAA Accountable Manager
A person designated by the certificated repair station who is responsible for and has authority over all repair station operations that are conducted under 14 CFR Part 145, including ensuring that the repair station’s personnel follow the regulations and serving as the primary contact with the FAA.
Geographic Authorization

Authorization provided to a repair station located outside the United States to perform maintenance support under contract for a U.S. air carrier (or an operator of U.S.-registered aircraft under 14 CFR Part 129) at a location other than the repair station's main facility. A geographic authorization is issued by the FAA to respond to a U.S. air carrier’s or Part 129 foreign operator’s need for maintenance at a station where the frequency and scope of that maintenance does not warrant permanently staffing and equipping the station for its accomplishment.

Limited Rating

A rating issued to repair stations for the performance of maintenance on particular makes and models of airframes, powerplants, propellers, radios, instruments, accessories, and/or parts.

Limited Ratings - Specialized Services

Rating issued for a special maintenance function when the function is performed in accordance with a specification approved by the Administrator.

Line Maintenance

Any unscheduled maintenance resulting from unforeseen events, or scheduled checks where certain servicing and/or inspections do not require specialized training, equipment, or facilities.

MAG

The Maintenance Annex Guidance (MAG) defines the process that the FAA and EASA undertake in the inspection, findings of compliance certification, and monitoring of repair stations, as well as their joint cooperation in quality assurance and standardization activities in support of the EASA Agreement, Annex 2, Maintenance. The term Maintenance Annex Guidance (MAG) defines the processes and activities applicable to a specific country under an MIP, and is not associated with the EASA Agreement.

Maintenance

The inspection, overhaul, repair, preservation, and replacement of parts, but excludes preventive maintenance.

U.S./EU Aviation Safety Agreement, Annex 2, Maintenance

Annex 2 covers the reciprocal acceptance of findings of compliance, approvals, documentation and technical assistance regarding approvals and the monitoring of repair stations/maintenance organizations.

MIP

Maintenance Implementation Procedures (MIP) are procedures for implementing the provisions of a BASA that apply to maintenance performed under 14 CFR Part 145, Section 145.53(b).

MOE

A maintenance organization exposition (MOE) pertains to procedural manuals used by maintenance organizations certificated by a foreign country. The MOE along with the FAA Supplement, sets forth the structure and procedures of the repair station to meet the requirements of 14 CFR Part 145 under a MIP.

a. The certificate holder, in accordance with the reference paragraphs, is authorized to:

- Use an approved electronic recordkeeping system, electronic/digital signature, and/or electronic media.
- Perform maintenance with EASA ratings where the scope of work is authorized by a BASA/MAG (U.S.-EU), MIP/MaG (U.S.-Swiss).
- Perform work, excluding continuous operations, at additional locations other than at its primary Fixed Location.

Reference Paragraphs
- A025
- A060
- D100

b. The certificate holder is not authorized and shall not:

- Use Exemptions.
- Perform work, including continuous operations, at additional locations other than at its primary fixed location.
- Conduct operations choosing to have an antidrug and alcohol misuse prevention program.
- Perform maintenance in accordance with foreign repair station geographic authorizations.
- Perform line maintenance for cert. holders conducting operations under Parts 121 and 135 and for foreign carriers/persons operating non-U.S. registered aircraft in common carriage under Part 129, apart from D100 which authorizes that work away from station.

Certificate No.: E7NY532Y
Amdt. No. 7

HQ Control: 06/07/2018  
HQ Revision: 01a

a. The certificate holder is authorized the following EASA ratings where the scope of work is authorized by the appropriate aviation authority. The FAA may issue a repair station certificate with appropriate ratings under 14 CFR Part 145, § 145.53(b) provided A060 satisfies:

1. The rating comparison chart and guidance in the applicable MAG  
2. Ratings are limited by type and weight of aircraft  
3. Ratings are issued either for base or line maintenance  
4. Ratings are not listed in operations specification A003 per the prospective MAG procedures.

b. The certificate holder is authorized the following aircraft ratings per the scope of work identified in the Aircraft Ratings Table below:

<table>
<thead>
<tr>
<th>AIRCRAFT RATINGS</th>
<th>Approval Certificate and Scope of Work</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
