

A WORLD LEADER IN AERONAUTICS, SPACE AND DEFENSE

PROFILE

As an international high-tech group, we invent, manufacture and maintain **solutions** to make a lasting contribution to a safer world... a world in which air transport is increasingly **environmentally friendly, comfortable and accessible.**

MAJOR PROJECTS

SUSTAINABLE AVIATION

- Disruptive engines**
(-20% fuel consumption compared with current engines and 100% compatible with sustainable aviation fuels)
- Lighter equipment, additive manufacturing**
- Hybridization & electrification**
- Low-carbon plan at all our sites**
(50% less CO2 by 2030)

SOVEREIGNTY

- Defense solutions**
(SCAF, Patroller, Euroflir, navigation, optronics...)
- Critical technologies for all space missions**
(launchers, satellites, ground stations and optics)

DIGITAL TRANSFORMATION

Cutting-edge technologies to support our capacity for innovation: *Data, artificial intelligence, augmented reality*

OUR FLAGSHIP PRODUCTS

- CFM LEAP engines:**
A320neo, 737 MAX, C919
(in partnership with GE at CFM International)
- Rafale's M88 engine**
- Arrano, Arriel helicopter engines**
- ENGINEUS™ electric engine**
- Wheels & carbon brakes**
- A320neo nacelle**
- And many more...

SOFTSKILLS

- Innovation**
(No. 1 patents filer in France)
- Team spirit oriented**
- Multiculturalism**
- Sense of commitment (CSR strategy)**

ABOUT US

WORLD NUMBER 1

- Engines for short- and medium-haul civil aircraft**
(in partnership with GE)
- Helicopter engines**
- Landing gear**
- Carbon wheels and brakes**
(civil aircraft for more than 100 passengers)
- Aircraft wiring**
- Evacuation slides**
- Cabin interiors**

PASSIONATE PEOPLE FOR A SUSTAINABLE FUTURE

- Promoting diversity and inclusion**
- Developing skills and building career paths**
- Creating a positive working environment**
- Encouraging collaboration and mutual support**

POINTS OF INTEREST

TRAINING

Skills development with an average of 25 hours of training annually per employee
Safran University, Digital Academy and 360Learning

PHILANTHROPY AND FOUNDATION

Support for over 550 projects via our two Corporate foundations
Fondation pour l'Insertion and Fondation pour la Musique

HISTORY & HERITAGE

Oldest aeronautical industrial group in the world with more than 125 years of history
Safran Museum

ACADEMIC RELATIONS

18 partnerships with schools and universities
250 Safran school ambassadors, University research chairs
